* TCA does not have a maximum income limit. There are specific deductions and disregards applied to gross income to determine eligibility. Each family's income must be reviewed and calculated individually.

** The Food Supplement Program's gross income limit is 130% of FPL. However, there are several exceptions to this income limit so we encourage State residents to apply for the program when they need help with buying food. The income limit is waived for certain groups, and there is also a waiver that allows the State to set the limit at 200% of FPL for needy families receiving non-cash TANF services.

*** PAA has several levels of payment and income limits, depending on the type of care the customer receives. Please contact the DHR information line 1-800-332-6347 for additional information.

Note: For more information, please contact the DHR information number 1-800-332-6347.
